Rich Heritage and Strong Sense of Community

By Supervisor John W. Foust
Dranesville District

The Dranesville District includes McLean, Great Falls, Herndon and some areas of Vienna and Falls Church and has about 125,000 residents. It runs from the Arlington County border to the Loudoun County border along the beautiful Potomac River. Herndon is a quintessential small American town with a rich heritage and strong sense of community. It also has a vibrant transit area developing around a new Metro station that will open soon.

McLean is an active community with some of the most beautiful neighborhoods in the Metropolitan region. Only a few miles from Tysons and the Dulles Corridor, Great Falls is a semi-rural community where residents actively participate in preserving its history and protecting its environment.

Dranesville includes some of the best County and National parks in the region including Riverbend Park, Great Falls Park, and Scotts Run Nature Preserve. The District is also home to numerous excellent public schools including the high achieving and highly regarded Langley, McLean, and Herndon High Schools. Throughout the District, there are excellent libraries and active arts communities. All three communities have outdoor summer concert series and old-fashioned farmers markets.

The introduction of Metro’s Silver Line has provided an alternative to the automobile for Dranesville residents. Expansion of the Silver Line to Dulles Airport and into Loudoun, scheduled to open in 2020, will make traveling that much easier. The excellent schools, parks and libraries, lovely neighborhoods, active youth sports and arts programs, and its active, interesting, and friendly residents make Dranesville an excellent place to live, raise a family, and do business.

Fairfax County, and especially Tysons and the Dulles Corridor, continue to grow and provide excellent business and employment opportunities for Dranesville residents. Our challenge in the coming years is to ensure that growth is balanced with expanded public facilities and public services so that future generations will be able to enjoy living in Dranesville as much as the past and current residents have enjoyed making their homes here.

Welcome to the Dranesville District. It has been my honor to represent Dranesville residents on the Fairfax County Board of Supervisors for the past 12 years. I look forward to continuing to serve you in the future.

Major Projects Underway

There are many projects, studies, and programs underway throughout the Dranesville District. Below, I have highlighted a few that are nearing completion or that will be getting started next year.

❖ Balls Hill/Georgetown Pike Intersection

Work is well underway on a project to improve the intersection of Georgetown Pike and Balls Hill Road in McLean, one of the most congested areas in the Dranesville District. Following requests from community members, and advocacy from local and state elected officials, the Virginia Department of Transportation (VDOT) began work this summer on a project that will add a much-needed left-turn lane to northbound Balls Hill Road at its intersection with Balls Hill Road at its intersection with Balls Hill Road.

See Dranesville Challenge...
**Dranesville Challenge: Balanced Growth**

Georgetown Pike. Adding the left-turn lane will allow residents traveling north across Georgetown Pike to do so in their own through lane. Although not expected to resolve all congestion at this intersection, the project will give residents to the north and east of the intersection a way to their homes without mixing with the Beltway-bound traffic turning left at the intersection. This project includes pavement widening and minor signal, striping, drainage, and signage changes. "Work on this project will be completed before school begins this fall.

❖ Georgetown Pike Trail and Dolley Madison Sidewalk

Several important sidewalk and trail connections are underway or have been completed in the last year. In Great Falls, two projects will add asphalt trail along Georgetown Pike, between Falls Chase Court and Seneca Road. With the completion of these segments later this year, pedestrians and bicyclists will be able to walk/ride safely along Georgetown Pike from the Village Center to Route 7.

Proximity to the Metro is an important benefit of living in McLean. However, it is not always easy or safe to walk to a station. Fairfax County is helping to address this challenge with a project to construct a sidewalk along Rt. 123/Dolley Madison Blvd, from the Great Falls Street/Lewinsville Road intersection to the McLean Metro station. The project is expected to be completed in spring 2020.

❖ Jones Branch Connector

The Jones Branch Connector is being completed by VDOT in cooperation with Fairfax County. It will provide an important new link from Route 123, over the Capital Beltway (I-495), to Jones Branch Drive in Tysons. The new connection will improve local traffic and access for drivers, in addition to offering a great option for area bicyclists and pedestrians. By providing an alternate route across the Beltway and linking the Tysons East and Central areas, the Connector is expected to relieve traffic along Route 123, at the I-495 interchange, and at other congested intersections. One travel lane in each direction opened last December. The project is expected to be fully completed in the last year.

❖ Hutchison Elementary Crosswalk and Pedestrian Refuge

Following conversations with community members, Hutchison Elementary school staff, and neighbors, and advocacy from Supervisor’s office, the Fairfax County Department of Transportation will relocate and improve the crosswalk on Parcher Avenue near Hutchison Elementary School’s entrance. The crosswalk will be moved to the other side of the driveway where visibility is better and a pedestrian refuge median will be added. The project will be completed this fall.

❖ Revitalization of McLean Community Business Center (CBC)

Downtown McLean has seen some revitalization in recent years (the undergrounding of utilities, landscape and streetscape improvements, construction of a few development projects). However, the last significant review of the Comprehensive Plan recommendations for the area occurred over 20 years ago. In 2018, the County initiated a study of the CBC to look at revitalization opportunities, gather community input, and review recommendations for future land uses, development intensities, transportation, public facilities, and urban design within the Community Business Center.

By providing an alternate route across the Beltway and linking the Tysons East and Central areas, the Connector is expected to relieve traffic along Route 123, at the I-495 interchange, and at other congested intersections.
Must-see Places in Dranesville District

We are fortunate to have many wonderful parks, historical features, and community events in the Dranesville District. The following are some of my favorites.

Clemyjontri Park: Since opening in 2006, more than 200,000 visitors have enjoyed this unique playground where children of all abilities can play side-by-side. Equipment allows children who have physical, sensory, or developmental disabilities to have a parallel playground experience of fun and exploration. The park also includes a carousel, picnic pavilion, and new trackless train. The parking lot has recently been expanded so more visitors can enjoy the park.

6317 Georgetown Pike, McLean

Riverbend Park: This park offers more than 400 acres of forests, meadows, and ponds. Trails include a 2.5-mile portion of the Potomac Heritage Trail that links national and regional parkland. Kayaking, canoeing, and fishing are all available on the Potomac River. Another reason to visit Riverbend Park is to take advantage of the recently completed Outdoor Education Classroom/Picnic Shelter that opened this spring.

8700 Potomac Hills, Great Falls

Colvin Run Mill Historic Site: Colvin Run Mill offers visitors a chance to step back in time. There are tours of the restored mill, which was built around 1811. A general store offers stone ground cornmeal, wheat flour, grits, “penny candy,” snacks, and drinks. Trails are available for quiet walks. Live music, craft demonstrations, ice cream making, and seasonal activities are offered from February through December.

10017 Colvin Run, Great Falls

Turner Farm: Originally the site of a dairy farm, the 52-acre park offers a unique mix of educational and recreational facilities. Observatory Park offers the public a chance to see the night sky from one of Fairfax County’s darkest spots through permanently mounted telescopes. The Analemma Society partners with the Park Authority to provide astronomy programs at the observatory. Equestrians can enjoy a cross country course and a large multi-purpose arena with stadium jumps and dressage markers. Small children can enjoy a tot lot. Under the Park Authority’s Resident Curator Program, the historic Turner Farmhouse has been restored and is now occupied by the Turner Farmhouse Foundation, under the direction of Sarah Kirk.

925 Springvale Road, Great Falls

Runnymede Park: The Town of Herndon owns and maintains this 58-acre park. It is the site for many community nature-related events such as the annual NatureFest, the Spring Native Plant Sale, and the Full Native Plant Sale. Situated near the Sugarland Run Stream, the park attracts more than 100 species of bird, deer, fox, and other wildlife. Guided walks are offered to highlight the wildlife on the trails. Two park shelters are available for rent.

196 Herndon Parkway, Herndon

MPAartfest: Every October, the McLean Project for the Arts converts McLean Central Park into a free, one-day festival of the arts. Thousands of area residents attend. Vendor tents display the works of numerous juried artists, which are complemented by the exhibitions of children’s and seniors’ artwork, an Open Studio demonstration, and performances by local musicians.

McLean Central Park, 1468 Dolley Madison Blvd., McLean

McLean Day: Sponsored by the McLean Community Center, McLean Day is held on the third Saturday in May. The festival features live entertainment, carnival rides, exhibitions, and delicious foods for visitors of all ages. The event also includes booths where artisans, local businesses, civic organizations, nonprofit groups, and local officials showcase their wares.

Lewinsville Park, 1659 Chain Bridge Road, McLean

Herndon Festival: Held in late May, the Herndon Festival offers something for the whole family. The festival features two entertainment stages, 10K and 5K races, carnival rides, hands-on arts and activities, food vendors, fireworks, and more. Enjoy four days of fun-filled activities and entertainment.

200 Spring Street, Herndon

Great Falls Freedom Memorial: The Great Falls Freedom Memorial was created in 2004 to honor all who have served our country. The Freedom Memorial hosts annual ceremonies, on Memorial Day, September 11, and Veterans’ Day, as well as a 5K race on July 4. It is a special place to pay respects to and remember those who have served and sacrificed for our country.

9830 Georgetown Pike in Great Falls (Behind the Great Falls Library)

Herndon Friday Night Live!: Friday nights during the summer, Friday Night Live! concerts are held on the Herndon Town Green. Concerts are free and feature popular local and regional acts. Most featured bands play rock and roll covers from classic to modern rock, but country and original music are also included for good measure.

**Newcomers & Community Guide**

**About the Connection**

As your local, weekly newspaper, the Connection’s mission is to deliver the local news you need, to help make sense of what is happening in your community, to advocate for community good, to provide a forum for dialogue on local concerns, and to record achievements, milestones and events in the community and people’s lives.

Here in our Newcomers and Community Guide, we include details of how to vote in the upcoming elections, information on local and regional fairs and festivals, plus tips and tidbits from the community.

We invite newcomers and long-time residents alike to let us know how we’re doing and let us know what is going on in your part of the community. If you have questions or ideas, send us an email. We invite you to send letters to the editor or to send an email with feedback about our coverage.

We want to know if someone in your family or your community published a book, started a business, became an Eagle Scout, raised money for a good cause, accomplished some feat like running a marathon, supporting a cause or having art included in an art show. We publish photos and notes about personal milestones and community events, including births, engagements, weddings, anniversaries, awards and obituaries.

We are also interested in events at your church, mosque, synagogue, community center, pool, school, club, etc. Email us a note about the event, being sure to include when and where the photo was taken and the names of all the people who are in a photo.

We also publish notes about news and events from local businesses. Notes about openings, new employees and anniversaries are welcome. It is especially important to us to let people know about events ahead of time in our calendar of events. We appreciate getting notice at least two weeks ahead of the event, and we encourage photos.

Your community Connection newspaper is one of 15 papers published by the independent, locally owned Local Media Connection LLC, serving the suburbs of Metropolitan Washington in Northern Virginia and Potomac, Md.

Our flagship paper, the Alexandria Gazette Packet, is one of the oldest continuously publishing papers in the country, beginning publication in 1784.

What Is the Best Part About Living in McLean?

—Nadezhda Shulga

Community of Friendly and Open People

Chuck Pruitt, 20 years in McLean, director, and co-founder McLean Youth Volleyball:

“My wife and I have lived in McLean for almost 20 years. Both of our children were raised in McLean and now they have moved on to college. We have always found McLean to be a welcoming place. What we liked the most is its proximity to the D.C. as well as to the major travel arteries. You can go on the Beltway up North or South, you can go on the toll road, East-West, you can get on the metro, go into the city very easily. Restaurants and other things make it a nice area to explore and discover all the good things that are gastronomically available.

What we love the most is a good strong local community full of friendly and open people. I have been involved with youth activities for probably a dozen years. Most of that time I have been running McLean Youth Volleyball. This spring more than 170 coaches volunteered their time to the teams. Being really busy with high-pressure jobs, they are willing to carve out the time to work with the kids. Not just their child but coach a team with other children. These amazing people keep the whole thing running. It’s very refreshing to see people who are eager to get involved.”

Small Town with International Flavor

Margie Weiss, almost 20 years in McLean, personal trainer, owner and director of Body By Weiss, mother of Olympic figure skater Michael Weiss:

“We moved to McLean when Michael was an international competitor and then a professional skater. He was traveling a lot. Our first home in McLean was two blocks off of Route 7 right at the Toll road. We could pick him up at Dulles airport even in the middle of the night. It was perfect.

After finishing his sports career Michael started a home construction business. He has always known how to build because his dad and I built our first two homes by hand. We didn’t have any money then. Michael helped us. I like the variety of houses there. In terms of how much they cost, they look differently: modern, old fashion, colonial…

As a former gymnast and mother of a figure skater, I’m happy to see how well sports and recreation facilities are developed in McLean. While I was working as a personal trainer, I met a lot of neat people. I ended up friends with a lot of them. I’ve known some of them for 15 years. I like the people in our area. We are so international here. I think it is good for the kids because when they grow up, they see different cultures.”

A Home of Top-rated Schools

Dan Simmon, 30 years in the area (4 years in McLean), finance professional:

“My daughter graduated from Mclean High School this year. McLean is known for its top-rated schools. Personally, I like a very active community here. Whatever my interests are, I can find somebody else who wants to do the same. Now I am taking Spanish classes. I’ve met some friends who are trying to learn Spanish. Now we get together and have a good time because those classes are great. They are usually in the evening when I’m not working. In McLean I can learn, I can pick up everything, I can take cooking classes. I can bike easily because a bike path is in a mile and a half from my home.”

Native Trees for McLean Neighborhoods

McLean Trees Foundation helps homeowners beautify their gardens, neighborhoods.

Fall is the perfect time to beautify your home and neighborhood by planting a native tree in your front yard with the help of the McLean Trees Foundation, a non-profit organization dedicated to maintaining the green canopy in the McLean community.

“Trees are an essential part of our community, improving our health and environment, reducing heating and cooling costs for homeowners, and increasing property values,” said Brenda Frank, Chairman of the McLean Trees Foundation. “But the most important benefit is that trees make you happy.”

For only $50, McLean Trees Foundation will help you select a tree and then will deliver it, helping you plant it and then teaching you how to care for it. For fall planting, applications can be found on the McLean Trees Foundation website, mcleantreesfoundation.org. After your application is received, McLean Trees Foundation volunteers will visit with you to discuss the program, review the property, and help you select a tree that will beautify your garden for years to come.

The Neighborhood Tree Program was developed by McLean Trees Foundation in 2014 and is the first program in Fairfax County to help homeowners plant trees. The goal of the program is to educate homeowners about the importance of trees for their home, their community and the environment. Since the program’s inception, participating McLean homeowners have planted over 60 trees on their properties.

“It’s a bargain for all concerned,” said Chairman Frank. “Plant some happiness this fall so that you can experience your tree’s beauty in the spring!” More information can be found on McLean Trees Foundation’s website: www.mcleantreesfoundation.org.
